RAM
Trading & contracting

RAM
Trading & contracting

Info@ram-arbia.com

Hello..

Who Are We

RAM is a construction company based in Saudi Arabia. Considering every detail is our mission to give our clients what they admire, so we invest every opportunity to provide the best quality.

Day by day, we're striving for more knowledge in construction and all related fields from industrial, commercial, and residential construction and design, infrastructure, steel structure, electric- telecom suppliers, and water treatment.

Our Vision

رؤيتنا

Our basic vision in Ram Arabia is to deliver projects with the highest possible professionalism and quality through the extensive experience of all our engineers and workers and within the deadlines set for each client.

Ram Arabia also contributes to the development of society through its deep understanding and extensive knowledge in the field of construction, construction and infrastructure.

All these factors contributed to making Ram Arabia one of the leading companies in the field of engineering construction.

After all, leadership is about envisioning & working for tomorrow- today!

تكمّن رؤيتنا الأساسية في تسليم المشاريع بأعلى احترافية وجودة ممكنة من خلال الخبرة الواسعة لكل المهندسين و العاملين لدينا وفي المواعيد المحددة لكل عميل.

كما تساهم رام العربية في تطوير المجتمع من خلال فهمها العميق ومعرفتها الواسعة في نطاق التشييد والإنشاء والبنية التحتية.

كل هذه العوامل ساهمت في جعل رام العربية من الشركات الرائدة في مجال الإنشاءات الهندسية.

Our Mission

مهمتنا

We aim to provide our clients a trustworthy construction service to ensure that our clients are satisfied to work with us for a lifetime.

نهدف إلى تزويد عملائنا بخدمة بناء
جديرة بالثقة لكسب رضاهم
بالعمل معنا لضمان شراكتهم معنا
مدى الحياة.

Our dedicated team works hand in hand to deliver any project up to your expectations with high quality.

يعمل فريقنا المتفاني جنبًا إلى جنب
لتسليم أي مشروع بجودة عالية
وفقًا لتوقعاتك.

our Team

The mission of our team

To provide our clients with a trustworthy construction service to earn a lifelong partnership. Our dedicated team works hand in hand to hand over any project up to your expectation.

Crucial participation in every project. Every part of our team knows how to work together to deliver the projects you admire with high quality.

our core values

SAFETY AT WORK

- We work hard to provide the highest quality to our customers and provide a safe environment for all the company's employees.
- Creating a healthy work environment, where employees feel a responsibility to the company and projects to have the ability to be creative, and this is reflected in productivity.
- Constant quest for a better version of our company.

Maintenance

01

Construction

We have

- The skilled engineers, employees, and equipment of all types to complete your job on time, on budget, and beyond expectation.
- By gaining experience as an industrial contractor in many industrial projects over the years, our reputation for safety, efficiency, and reliability is unparalleled.
- Most importantly, our goal has always been to streamline your industrial contracting process so that complex projects seem easy.

02

Steel
Structure

RAM Believes That

- The quality structures are driven by well-engineering design drafted by equally talented and brilliant minds, and that philosophy leads the company to adopt an innovative solution to satisfy our client's platform demands for project execution by acquiring the latest engineering design software, along with employing the topnotch and excellent design engineers.
- We offer a variety of designs for steel structures that can be manufactured and constructed carefully by trained staff to avoid risk potentials.

03

Interior Design

You IMAGINE, WE CONSTRUCT

We are capable of handling the project by one entity of both design and construction due to our experience, resources, and management. We encourage this method of project delivery to clients because the relationship between designer and contractor in one "team" concept would make the construction run more smoothly.

Other benefits of Design & Build include significant time and money savings, projects can be designed and built faster and more cost-effectively, budgets, material procurement, and scheduling can begin before the final design work and documents are completed, owners can have more input into the design and construction phase of the project, and timely informed construction decisions are always forthcoming.

Our design divisions:

- 1- Villas Interior Design
- 2- Villas Exterior Design
- 3- Landscape Design
- 4- Cafe Interior Design
- 5- SPA Interior Design
- 6- Hotel Interior Design
- 7- Restaurant Interior Design
- 8- Retail Designs

04

Electric Telecom

At RAM We Have

- Ram Electrical and telecom Department registered in Saudi arabia. The company is ISO 9001 quality management system certified.

Our main activity is electricity contracting, providing services in all areas of electrical work. Home, commercial, and industrial installation and maintenance.

we've built our business on understanding our customers' needs and expectations and providing quality electrical solutions that always work and protect. Our no-compromise approach to work is evident in the finished product. From commercial and retail developments to residential and industrial, all projects are treated the same. Our experienced project managers, qualified electricians and office staff ensure the completion of your contract. Our success is due to our customers who confidently use our services. We are a firm believer in delivering quality services on time and within budget while ensuring safety and working with our stakeholders. Due to our focus on quality control and customer service, much of our work comes from a variety of clients who return to our services again and again. And most of our new contacts come to us for personal recommendations.

05

Water Supply And Drainage

Water Supply, Drainage, and Sewerage

○ The Water Supply, Drainage, and Sewerage section of RAM have executed large-scale water supply and sewerage projects including water treatment in Saudi Arabia.

- Water Supply networks
- Raw Water networks
- Pumping Station and Substation
- Booster pump stations
- (Pumps, service pipes, regulators, transmitters and flow controls)
- Water treatment systems
- Wastewater Treatment
- Laying of Pipelines
- Sanitary and Stormwater
- Replacement of existing networks
- Irrigation
- Drainage
- Line Drainage
- Drainage and Underground Water Leak
- Detection Services
- Tanks Cleaning
- Tanks Painting & Coating
- Tanks Mechanical Repair
- Pipes
- Covers

Main Categories of Services:

Structural design, construction & commissioning of water and sewerage treatment plants.

Laying of HDPE, DI, and UPVC pipes in water and sewerage transmission and distribution networks.

Supply and installation of M & E equipment for water supply and sewerage projects.

06

Fire
**Fighting
System**

We can supply and install the following:

FIRE FIGHTING WATER-BASED SYSTEM STAND PIPE SYSTEMS

We provide a comprehensive solution to our customers starting from concept development to commissioning. Our credentials demonstrate our skills and competencies in designing and executing a wide range of Fire Protection and Fire Alarm Systems.

- Wet Pipe Sprinkler System
- Dry Pipe Sprinkler System
- Foam System
- Deluge Sprinkler System
- Pre-Action Sprinkler System
- Fire Hose Cabinet
- Fire Hydrants

FIRE SUPPRESSION SYSTEMS

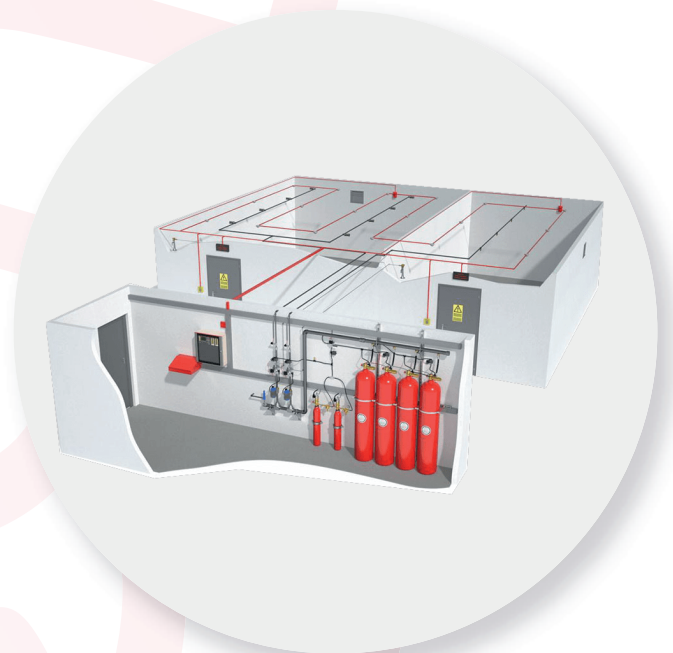

• FM-200 Suppression System

Chemically known as hepta-fluoropropane (HFC-227), it is an alternative fire suppression system agent manufactured in the United States. Safe for use when people are present without any fear of health problems.

• NOVEC 1230 Suppression System

The new world standard for sustainable clean agent fire Protection. Novec 1230 Fire Protection Fluid is the next generation of clean agents designed to balance industry concerns for performance, human safety, and the environment, which makes Novec 1230 fluid the first option to non-sustainable technologies:

1. Zero ozone depletion potential
2. 5-day atmospheric lifetime
3. A global warming potential
4. Large margin of safety in occupied areas.
5. Shipped as Liquid.
6. Refilling cylinders via portable refilling stations.

FIRE SUPPRESSION SYSTEMS

- **CO2 Suppression System**

CO2 is an odorless, colorless, electrically non-conductive, non-corrosive, and non-deteriorating agent. It is normally present in the atmosphere at about 0.03% by volume. Total Flooding extinguishers for both surface and deep-seated fires by discharging gas onto the enclosed space. The advantage is that the CO2 System is inexpensive compared with FM200 and Novec 123 Systems.

07

HVAC

We Are

- A full-service HVAC solutions provider based in Saudi Arabia, specializing in the manufacturing and installation of ductwork & accessories with the capability to deliver high-end projects from concept through to completion.
- We provide an integrated approach to HVAC design, bringing together optimized solutions that meet The unique needs of each project.
- We utilize the latest software and manuals to analyze and develop The proper HVAC system design and specifications. Excellent HVAC Design is our priority.

08

Maintenance

We Believe

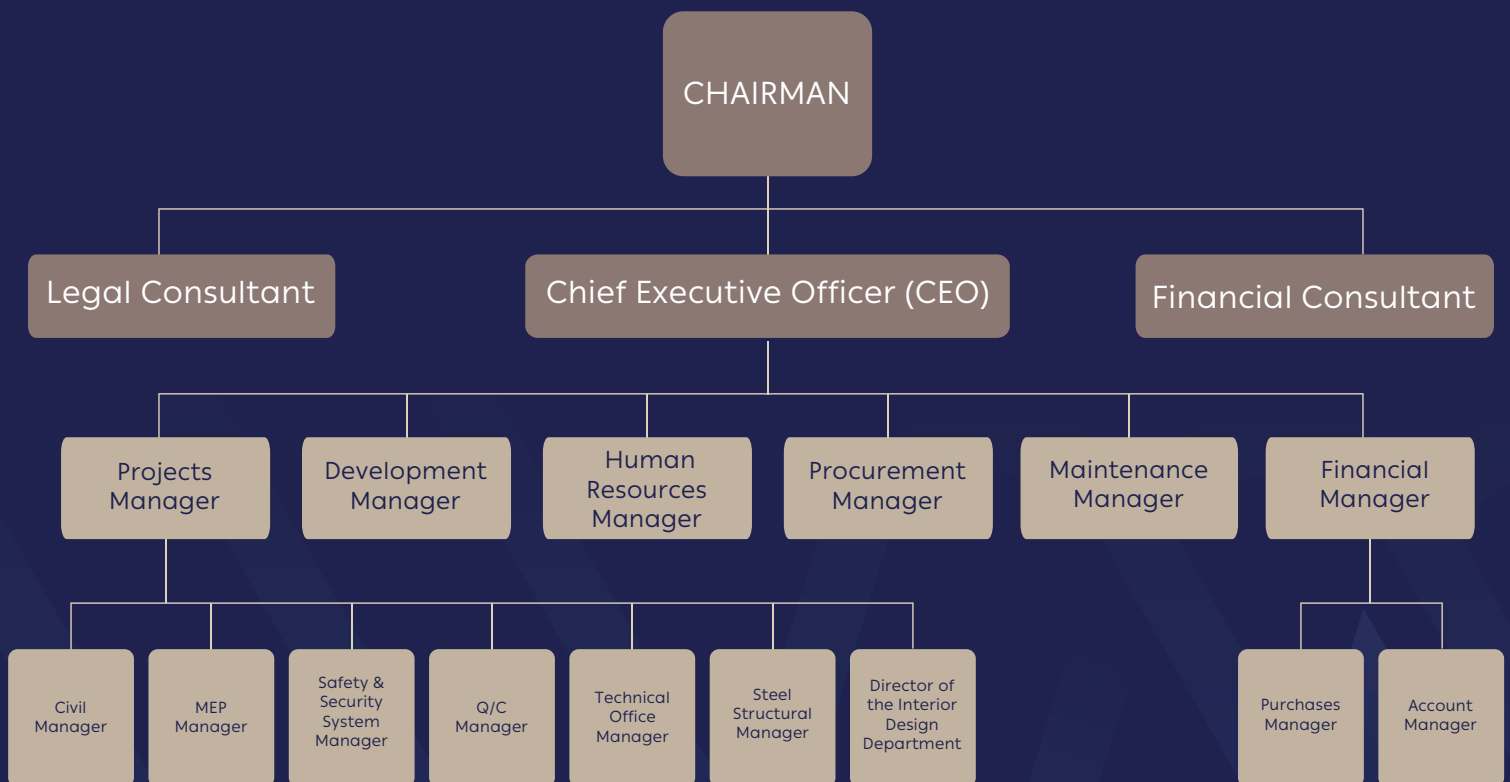

In the power of after-sale services, so that we have a dedicated team available 24/7 to answer all your emergencies and ready with all their tools and kits merged with appreciable.

We can provide experienced project management and skilled technical support for fault diagnosis, repair, and proposing alternative control strategies.

Available 24/7 to answer all your emergencies.
